SUBJECT PAGE - Forum

STUDENT

Forum topic initiated by lecturer or moderator

The screenshot displays the ALFA LMS interface. On the left is a dark sidebar with 'My Courses' expanded, listing MBA 7023, MBA 7033, MBA 7073, MBA 7093, Recordings, Change Password, and User Manual. The main content area shows the 'Subject: Operation Management [MBA 7073]' and a 'Discussion Board : Systematic Redesign of Fire Hose Reel'. A date filter shows '08/04/2022'. A notification states 'Siti Fazariah Hashim opened for discussion.' with a date of '08/04/2022'. Below this is a post titled 'Please discuss why is the design for assembly suitable for mass production? And How does DFA optimize product and production processes?'. The post includes a rich text editor with various formatting options. Below the post is a 'Post Reply' button. A comment from 'QASEMI ZAHRA' dated 'Apr 8 2022 3:48PM' is shown, with the text 'Design for assembly (DFA) seeks to simplify the product so that the cost of assembly is reduced. Consequently, applications of DFA principles to product design usually result in improved quality and reliability and a reduction in production equipment and part inventory.' Below the comment is a 'Your Comment*' section with a rich text editor and an 'Add Comment' button. A blue arrow points from the text 'Forum topic initiated by lecturer or moderator' to the top of the discussion board. Another blue arrow points from the text 'Students can respond to the forum in here and after submitting their response, it will be displayed with their names appear on top' to the 'Add Comment' button.

Students can respond to the forum in here and after submitting their response, it will be displayed with their names appear on top
